Re: Request to change guardian

This is to inform you that my son/daughter/ward _____
(Name of student)

Would like to move from his/her current guardian _____ at
(Name of guardian)

I confirm that this has been discussed with the guardianship coordinator and the current guardian.

The reasons for the change of guardian: _____

* I undertake to inform ISS when we have decided where my son / daughter / ward will be living. He / she will not move until this transfer has been accepted by ISS. Students must live with an ISS listed guardian.

This move is a commitment for the current academic year therefore no other request to move will be accepted during this period. We will consider request to move only under extraneous situations.

ISS students **must** live with an ISS listed guardian. If the person who you choose as a guardian for your child is not an ISS listed guardian, he / she must apply to become an ISS listed guardian. The student may not move into his / her home until this process is complete. Please contact, ISS Guardianship Coordinator on (65)6475-4188 for more details of the listing process. Thank you

Name and Signature of Parent

Name and Signature of current guardian

Please return completed form to Guardianship Coordinator, ISS International School.
