Class of 2024 Highlights

Admission & Enrolment

ISS has an inclusive educational philosophy and admission is non-competitive.

Student population is made up of 24 nationalities. The class of 2024 had 24 students.

Academic Calendar

ISS operates on a two-semester calendar, with Semester 1 from early August to mid-December and Semester 2 from early January to early June. There are two terms in each semester.

Academic Grading Policy

ISS IBDP Grades are based on the International Baccalaureate 1-7 grading scale. HSD grades are internally and externally assessed based on a scale 1-7. ISS does not rank or calculate GPA.

High School Nationalities

High School Student-Faculty Ratio

6:1

Curriculum

International Baccalaureate Primary Years Programme (IBPYP)

ISS offers the International Baccalaureate Primary Years Programme (IBPYP) for students 4-12 years old. The PYP is an Inquiry based framework and recognises the importance of the academic, social, emotional, cultural, and physical development of children. The framework contains 5 essential elements: key concepts, approaches to learning, agency, knowledge, and action. The IBPYP is transdisciplinary, and students learn across six themes that are applied across subject areas. In the final year, the students are involved in a culminating and collaborative experience called the PYP Exhibition.

International Baccalaureate Middle Years Programme (IBMYP)

Students in Grades 6 to 10 follow the International Baccalaureate Middle Years Programme (IBMYP). Students study eight subjects and participate in Service as Action throughout the five-year programme. In Grade 10, students complete a Personal Project and have the opportunity to sit the external IBMYP eAssessment on-screen examinations. Students receive the MYP Certificate awarded by the International Baccalaureate (IB) and/or MYP Results of Achievement indicating the grade they have attained.

International Baccalaureate Diploma Programme (IBDP)

ISS offers the International Baccalaureate Diploma Programme (IBDP) for students in Grades 11 and 12. This comprehensive, rigorous two-year curriculum culminates in a series of external examinations. Diploma students complete six subjects, three at higher level (HL) and three at standard level (SL). Students also study Theory of Knowledge, submit an extended essay (EE) and participate in Creativity, Activity and Service (CAS).

Innovative Personalised American High School Diploma Pathway (HSD)

The Innovative Personalised American High School Diploma Pathway (HSD) is a two-year curriculum that employs internationally recognised and accredited standards, acknowledged by universities worldwide. The combination of foundation courses, specialised courses, experiential portfolio, and capstone project offers students a well-rounded educational experience that prepares them for future academic and professional success.

High School Graduation Requirements

Students must receive 23 credits to graduate and credits are issued per semester across the final four years of High School. Each full year course a student passes earns 1 credit. Credit requirements for graduation and the awarding of an ISS High School Diploma are:

English	4.00
Mathematics	3.00
Sciences	3.00
Social Studies	3.00
Language other than English	2.00
Electives*	8.00
Total minimum credits	23.0

*High School Diploma programme students complete specialised courses, an experiential portfolio and a capstone project as part of this requirement.
