Educating To Make A Difference

International Baccalaureate Programme

ISS INTERNATIONAL SCHOOL

SINGAPORE CAMPUS

1

Personalised Approach

Our unique personalised learning programme, developed by teachers and administrators over several years, is based on research from the world of psychology and current thinking on how students best learn.

Each student has a profile that tracks their performance which includes internal assessments, standardised tests, community engagement and anecdotal evidence. As an integral part of the personalised learning programme, we use this data to identify teaching strategies, student pathways, and subject offerings for the future years.

Going beyond traditional goal-setting, our students actively participate in developing personalised learning plans, creating a safe and inclusive environment where confidence is nurtured, and every individual feels valued.

2 Curriculum

Primary Years Programme (IB PYP)
Ages: 4 - 12 years old (K - G5)

The PYP is an **Inquiry-based** framework and recognises the importance of the academic, social, emotional, cultural, and physical development of children. The framework contains **5 essential elements**: key concepts, approaches to learning, agency, knowledge, and action. The IBPYP is transdisciplinary, and students learn across six themes that are applied across subject areas. In the final year, the students are involved in a culminating and collaborative experience called the **PYP Exhibition**.

Middle Years Programme (IB MYP)
Ages: 11 - 16 years old (G6 - G10)

In MYP, students study **8 subjects**: Language Acquisition, Language and Literature, Individuals and Societies, Sciences, Mathematics, Arts, Physical and Health Education, and Design. They also participate in **Service as Action** throughout the five-year programme. In Grade 10, students complete a **Personal Project** and have the opportunity to sit the external IBMYP eAssessment on-screen examinations.

Diploma Programme (IB DP)
Ages: 16 - 19 years old (G11 - G12)

This comprehensive, rigorous two-year curriculum culminates in a series of external examinations. Diploma students complete **6 subjects**, three at higher level (HL) and three at standard level (SL). Students also study **Theory of Knowledge (TOK)**, submit an **Extended Essay (EE)**, and participate in **Creativity, Activity and Service (CAS)** initiatives.

5 Frequently Asked Questions (FAQs)

School Year
Semester 1 – August to December
Semester 2 – January to June

School Hours
From 8am to 3pm for all grade levels.

Average Class Size
15 – 20 students

Nationalities of the students in school
A mixture of Japanese, Chinese, Korean, UK, US,
Australian, Indian, Thai, Singaporeans, Russian, etc.

Are interviews for prospective students required?
As and when necessary.

Does the school accept Student's Pass (STP) holders?
Yes, as an EduTrust certified school, ISS accepts Student's Pass (STP) holders. However, approval is at the discretion of the Immigration & Checkpoints Authority (ICA) Singapore.

Following a successful application and confirmation of the offer from us, we will initiate the STP registration process. A Registration Acknowledgement Letter from ICA will then be provided to the family and/or applicant to proceed with the formal online application with ICA directly.

EAL Support
EAL (English as an Additional Language) support is provided across Primary School and High School.

Rolling Enrolment
We accept applications throughout the year and practise rolling enrolment to accommodate families who may be relocating to Singapore at various times of the year. Places are subject to availability and all application requirements.

Technology Requirement
Students from Grade 6 to Grade 12 are required to have their own MacBook. Software installation will be done at school.
