For early termination, written notice must be submitted to the School Bus Office at least three (3) weeks prior to the intended termination date. Refunds, where applicable, will follow the School's standard course fee refund policy.

Bus routes are planned ahead with the objective of ensuring a smooth journey in the shortest time. Drivers are therefore not authorised to make any changes without the approval of the school.

ISS requires at least three (3) weeks' advance notice for new bus applications or changes to pick-up/drop-off locations during the academic year. Late submissions may result in students being unable to ride the bus on the requested date.

The bus route, pick-up time and arrival times are subject to unexpected road and traffic conditions beyond the control of the drivers. However, all efforts will be made to minimise any inconveniences caused and keep the delays to no more than 15 minutes.

Where the students' residences are not on main roads or the locations are inaccessible for any reason, they must walk to the pick-up location as designated by the school bus office. Students residing in condominiums or apartments should wait for their buses either at the security guardhouse, clubhouse or main gate as designated by the estate's Management Office. Students may also be required to cross the road to board the school bus if the bus is travelling in the opposite direction.

Unauthorised personnel — including parents, family members, guardians, and domestic helpers — are not permitted to accompany students on the bus.

All students attending **Grade 3 and below** should always be accompanied by an adult when boarding and alighting from the school bus.

For morning pick-up, students are reminded to be at the pick-up location at least 5 minutes before the stipulated pick-up time. There will only be a 2-minute waiting time before the bus moves off to the next location. **If the student missed the bus, the student will need to arrange alternative transport to school at their own cost.**

On return trips, there should be a designated adult to wait for students in **Grade 3 and below** at the drop-off location at least 5 minutes before arrival time. If no adult is present at the drop-off location, the student will be returned to school. Parents will be notified and must arrange a collection from the school campus at their own cost.

If the parents decide to keep the student at home for any reasons, the parent or designated guardian should contact and inform the School Bus Office or driver in advance.

If the designated adult missed the pick-up at the drop-off location, he or she should contact the School Bus Office to make alternative arrangements or arrange to pick up the child at the next drop-off location.

Should there be any change of pick-up (or drop-off) location during the academic year, the parent or guardian should formally inform the School Bus Office at least one month in advance to incorporate the new location. Ability to incorporate the new location among the existing bus routes is subject to the possibility of fitting it into existing bus routes and seat availability. Parents may want to consult the School Bus Office prior to their move to confirm that the school bus services will still be available.

This service is offered at the request of the parents or guardians. ISS will make the necessary arrangements with the bus contractors on behalf of parents and work closely with them to manage the daily bus operations and services.
